

Workmanship Guarantee.

Our business thrives of the quality of work and service we offer.

We pride ourselves especially on the premium quality products we produce, whether they be in a budget or prestige range all prints are produced to a high standard with incomparable attention to detail.

Saying this, our team infrequently make silly errors which result in a product with diminished quality and attention to detail – *unfortunately it's human nature after all.*

If for any reason we send out a product not to the premium standard you expect, we will:

- Re-print or Re-manufacture your job, for free, within a priority timeframe.
- Provide you with a \$100 Branding & Design voucher.
- Send you a bottle of Red, White or Sparkling wine to help alleviate the inconvenience and stress caused by our error.
